# 10<sup>th</sup> February 2023 Newsletter

Dear Parents/Carers,

## Enrichment week

It has been such a busy week in school with mental health awareness week, Safer internet day and finally our wonderful art gallery to complete the week. Children have explored lots of different enrichment activities to raise their awareness of very important issues. They have been thinking about their feelings, emotions, how to stay calm, how to relax and how to stay safe online. For those of you who joined us this afternoon for our art gallery we hoped you enjoyed seeing the wonderful work the children have created.

Classes have shared lots of photos on Tapestry this week so please check those out and give them a like!
